The NCSL Foundation for State Legislatures exists to enhance NCSL’s services to strengthen all state legislatures.

The Foundation is sponsored by a distinguished group of leaders who represent the nation’s most prestigious and influential corporations, unions, nonprofits and associations. None of this work would be possible without the continued support and dedication of the Foundation Board of Directors and our Foundation sponsors. Your generous support has allowed the Foundation to provide $1,250,000 along with $185,000 in supplemental grants to NCSL for projects and activities and $425,937 for NCSL Foundation programs. Awards to NCSL for fiscal year 2018 totaled $1,860,937.
The NCSL Foundation for State Legislatures is committed to the important work of strengthening state legislatures, counteracting cynicism and distrust of the legislative process and helping lawmakers confront and solve the critical issues of our time through a public-private dialogue.
DEAR FOUNDATION SPONSORS:

Your support of the NCSL Foundation is critical for NCSL to accomplish its mission of strengthening state legislatures. Funds from the Foundation help NCSL delve into the broad range of policy issues facing lawmakers and provide professional development opportunities to legislators and legislative staff. This important work would not be possible without your annual support. Thank you.

Awards from the Foundation in fiscal year 2018 allowed NCSL to bolster activities and research initiatives on natural disaster mitigation, unmanned aircraft systems, education performance models and much more. Support for the work of the Center for Ethics in Government and the Women’s Legislative Network continued as well.

Your contributions supported work on topics important to legislators and staff. This year, NCSL was able to expand its marijuana information clearinghouse database, provide timely research on child support and conduct webinars on topics such as sports betting, federal tax reform and sexual harassment providing legislators and staff with vital information to support their work. A detailed list of all the awards your contributions supported are provided in this report.

These programs and projects were made possible this year with your generosity. We greatly appreciate your commitment to the NCSL mission of strengthening state legislatures. I sincerely thank you for your sponsorship and for directly helping make NCSL the premier bipartisan organization of the 50 states and territories.

Sincerely,

William T. Pound
NCSL Executive Director
DEAR FOUNDATION SPONSORS:

I am excited to report the NCSL Foundation surpassed its fundraising goal for another consecutive year. The Foundation offered many opportunities for sponsors—from the annual Legislative Summit in Boston to the NCSL Capitol Forum in Coronado, Calif.—to network with legislative leaders, legislators and key legislative staff.

The Foundation hosted private sector networking opportunities by way of seven happy hours, luncheons, receptions and dinners with NCSL Standing Committee members, members of the NCSL Executive Committee, and other key legislators and staff from across the country. A full listing of all offered events is available in this report. NCSL and the Foundation look forward to offering more opportunities for sponsors to engage with our constituents.

Thank you for helping us exceed our ambitious fundraising goal of nearly $2.6 million. Sponsorship grew to 220 sponsors including 35 new sponsors this year. This is the largest the NCSL Foundation has ever been! The number of platinum sponsorships has remained steady while sponsorship at the gold and silver levels has surged. Your generosity allowed the foundation to award more than $1.8 million to NCSL programs. Also, you provided support for public-private partnerships on retirement security and multi-sector public private partnerships.

I sincerely appreciate your continued engagement and I’m honored to have served as your president. As you look through this year’s annual report, I encourage you to find ways to participate at the highest possible level and share feedback on how to serve you better.

Thank you for your commitment to NCSL.

Daniel T. Blue, Jr.
Senate Democratic Leader, North Carolina
President, NCSL Foundation for State Legislatures, 2017-2018

Since 1984, the Foundation has transferred and awarded more than $22.5 million to NCSL.
LEADERS’ SERVICES
$250,000
This award supported the Leaders’ Center, which provides legislative leaders with specialized products and services including high-caliber training, timely public policy briefings and innovative ideas to effectively guide legislative chambers. Specifically, the award supported a Symposium, and the development and delivery of programs for targeted groups of leaders. This year’s Symposium was co-hosted by the Bavarian Parliament in Munich, Germany.

CHALLENGE GRANTS
$100,000 AND $100,000 SUPPLEMENTAL
This award supported the entrepreneurial spirit of NCSL staff, who were challenged to develop innovative ideas to expand services and support legislators and legislative staff in the 50 states and territories. Strong consideration was given to proposals that not only expanded NCSL services but also generated revenue. Proposals were submitted to the NCSL executive director and approved at his discretion.

CENTER FOR LEGISLATIVE STRENGTHENING
$185,000
The NCSL State Services Division is unique in the United States for its long record of collecting and analyzing comparative data about legislatures, legislators and legislative staff. The Center for Legislative Strengthening’s information base and staff expertise provide legislators and staff with training in innovative collaboration and negotiation techniques, organizational skills needed to lead committees, best practices in office and staff management, information on key legislative operations and procedures, strategies for constituent outreach and communication, and training on essential staff skills.
WEB DEVELOPMENT
$180,000

The NCSL website is the primary medium where a vast amount of information is made available daily to audiences from all sectors. The NCSL Foundation is essential in funding those efforts that ensure the website continues to be an indispensable tool for its members, supporters, and the public. These efforts branch out from the overall operations and improvement of NCSL’s main website to the design and marketing of the Legislative Summit portal, the functionality of the NCSL mobile app, to the integrations with surrounding systems.

NEW MEMBER OUTREACH
$150,000

Member engagement is one of NCSL’s most important activities. NCSL provides legislators with a variety of professional development opportunities to encourage engagement with NCSL. This outreach allowed for ongoing efforts to customize and personalize programs and materials for legislators and legislative staff.

WEB GRAPHICS AND DESIGN
$110,000

This award facilitated centralized oversight and focus on: preparation for compliance with ADA accessibility regulations; infographics that help readers understand the complex policy issues confronting state lawmakers and that can be used both in print/PDF formats and on webpages; interactive graphics on the web that provide powerful tools to understand the different variables involved in public policy decisions; new data visualization tools that are especially helpful in demonstrating how policy issues change over time and design that ties all these tools together to present consistent, professional digital and print materials to NCSL constituents.

DATABASE AND RESEARCH DEVELOPMENT
$60,000

This award allowed NCSL to expand the development of online databases on key issues such as education, pensions, traffic safety, health care reform, the future of energy, ethics and more. Having access to the full text of state and federal legislation through LexisNexis® State Net® enhanced NCSL research resources overall in responding to information requests, preparing articles, briefs and publications, and developing pending and enacted legislation summaries.
LEGISLATIVE STAFF MANAGEMENT INSTITUTE
$55,000
Since 1990, the Foundation has supported the operation of the annual Legislative Staff Management Institute. The Institute is the nation’s premier program for developing and enhancing management and leadership skills for America’s leading legislative staffers. The Foundation’s assistance enabled NCSL to provide scholarships for senior legislative staff to attend this executive management program.

INTERNATIONAL MEMORANDUM OF UNDERSTANDING: BRAZIL, CHINA AND CANADA
$40,000
In recent years, members of NCSL have pursued public policy information from international counterparts and sought ways to share their expertise offering various perspectives on public policy making. Both the PRC Friendship Association in China and the Brazilian Organization of State Legislatures proposed enhancing the exchange of counterparts through the signing of a Memorandum of Understanding at the Legislative Summit in Boston. In addition, interest among Canadian provincial parliamentarians has increased in the past few years as evident by the large number of provincial and national officials who attended the Summit in Boston.

INTERNATIONAL PROGRAMS
$40,000
For more than 20 years, NCSL has promoted communication, understanding and the exchange of ideas among state legislators and legislative staff and the members and staff of national and sub-national parliaments and other counterpart organizations throughout the world. Requests for information from NCSL are most often about federalism, public policy issues such as economic development, fiscal relations, social services, infrastructure development and technical assistance projects involving staff training and the legislative institutions in developing countries.

E-LEARNING
$30,000
This award provided online learning and training for legislators and legislative staff, including funding and providing ongoing content for NCSL’s new podcast series, Our American States. The award provided support for NCSL videos featuring Republican and Democratic members speaking about the value of NCSL. E-learning technologies assist NCSL in expanding opportunities for legislators and legislative staff to participate in NCSL programs when they are unable to travel. NCSL videos are sent to newly elected legislators and housed on the website to enhance the message that NCSL is a bipartisan organization working for lawmakers and staff.

CIVIC EDUCATION
$25,000
NCSL sought to continue its commitment to civics education and service as a leader in the civics education space by providing its members with the necessary civics education resources and tools. Specifically, NCSL raised awareness about the importance of representative democracy by creating civics education products and programs for state legislators and state legislative staff to use to educate citizens about the important role state legislatures play in American government.
EMERGING LEADERS
$25,000
This award supported the development and delivery of programs, services and materials for new and emerging leaders on a continuous basis. Programs focused on specialized and experiential training programs to equip new and future leaders with tools to successfully meet the challenges of the legislative environment.

SUPPLEMENTAL AWARDS
EMERGENCY MANAGEMENT SYMPOSIUM
$25,000
The Law, Criminal Justice and Public Safety Committee staff planned a cross-jurisdictional meeting of legislators and legislative staff on recent federal emergency management developments and what they mean for states. The meeting covered travel for legislators attending and was held the day before NCSL’s 2018 Capital Forum, on Dec. 4. The meeting featured day-long programming, breakfast, and lunch for approximately 25 legislators and legislative staff.

CIVIC EDUCATION
$20,000
This award assisted NCSL with printing two items: a one-page infographic that illustrates the legislative process and the points at which the public can participate in the process and the updated Your Ideas Count! talking points card, which provides helpful activities legislators can use when visiting local classrooms. The 400th anniversary of the Virginia House of Burgesses—and representative democracy—will be celebrated in 2019.

This award enabled NCSL to participate in the celebration to mark this important milestone.

JOBS SUMMIT
$20,000
The Jobs Summit brings state legislators, specifically economic development and education chairs, together with job creators and other industry experts to identify what it takes to create and retain jobs. By highlighting innovative new ideas and facilitating candid discussions, the summit helps legislators understand the complexity around jobs, creating and understanding current 21st century jobs. Financial support for the Jobs Summit helped underwrite the 2019 meeting and is allowing NCSL to provide travel stipends to legislators and legislative staff.

TRANSPORTATION LEADERS
$20,000
NCSL is in the initial stages of planning a second State Transportation Leaders Symposium for the summer of 2019. Over 30 state transportation legislative leaders and legislative staff will listen and learn from their legislative peers and transportation industry, government, advocacy and academic leaders. NCSL would like to enlarge the meeting slightly to enable more legislators and legislative staff to attend and anticipates using any funds from the Foundation for this purpose. STLS has served as an important branding tool for NCSL and has also helped NCSL establish stronger working relationships with more transportation-centric lawmakers.
