Medicaid Enrollment and Expenditures by Category as a Percentage of Total, FY 2011

- Aged 2%
  - Blind/Disabled 17%
  - Adults 24%
  - Children 50%
- Aged 20%
  - Blind/Disabled 44%
  - Adults 15%
  - Children 25%

Estimated Enrollment as Share of Total

Actual Expenditures as Share of Total
Medicaid Moving Forward
A few of the ways we’re seeing a new Medicaid Program

Delivery System Reforms

- Health homes/medical home initiatives
- Integrated care models
- Shared savings
- Long Term Services and Supports
- Super-utilizers
- Section 1115 demonstrations
- Duals demonstrations
- SIM model and design states
Simplification, Modernization, Coordination

• Single streamlined application for all health programs
  — Multi-benefit application in many states
• New Modified Adjusted Gross Income standards aligned across programs
• Data-driven eligibility and renewal systems
• Coordination with the Marketplace to ensure people can enroll and stay enrolled in the appropriate program

Who Will Not Have Coverage?

A diverse group of low-income adults, including:
• Parents of children states now cover
• Youth who “age out” of coverage
• Parents whose children “age out” of coverage
• Women Medicaid will cover when they are pregnant - but not before or after
• Older Americans too young for Medicare
• People with chronic illnesses and disabilities who could work if they had insurance.
Timing and Options

- No deadline for covering the new adult group
- No penalty for dropping coverage

Enhanced FMAP for States
