

The first gathering of its kind.
Unlike any other justice gathering you've been to.
Not a conference, symposium, or meeting.
No dry lectures, no PowerPoints.

Instead, just the liveliest, change-inspiring,
smart give-and-take you've ever been part of . . .

The Worldwide Pretrial Innovators Convention
March 7-9, 2017 in National Harbor, Washington, DC

The Worldwide Pretrial Innovators Convention, Pi-Con, is not a conference.
It's an innovator's convention.

Pi-Con will be the first gathering of its kind—like nothing you've ever attended. We will disrupt the status quo of pretrial reform as we learn about re-imagining our professional future. It's for the people who see pretrial injustice every day and are compelled to fix it.

We will encourage the free flow of ideas and reward your hard work. We will give you the tools you need and help you make the connections you can use.

Suggested participants include: judges, prosecutors, pretrial service professionals, advocacy groups, victim services personnel, law enforcement professionals, and many others.
