States need:

- A systemic approach
 - at all education levels
 - align federal ESSA, Perkins V and WIOA efforts and use funding wisely
 - with agencies working together to develop seamless pathways that lead to meaningful credentials and degrees

The challenge

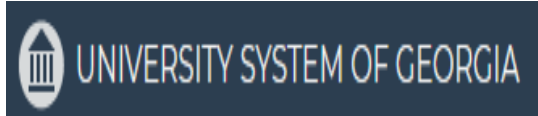

How do we provide more young people with an education that connects the classroom with the workplace and prepares them to succeed in postsecondary education and in-demand careers?

The solution

Transform education with rigorous, relevant career pathways that align secondary, postsecondary and workplace learning and lead to postsecondary credentials that help individuals secure good jobs.

Double the percentage of young adults who earn postsecondary credentials by age 25 over the next decade.

GA-Pilot *Nursing Career Pathway*

GA-Pilot *Nursing Career Pathway*

Level	Credential	Employment
High School CTAE-College Prep. (9-10) College Ready (11) College Credit (11-12) 26-hours Dual Credit Nursing Prerequisites & Universal Transfer	HS-Diploma: Life-Learner Industry-Valued-Certification Nursing Assistant	Entry Employment NA High Wage-In Demand Economic Sector
Technical College 68 credit hours	Advanced Credential LPN-Diploma (35) Associate Degree ASN:LPN-to-RN (33)	Family Sustaining Wage Jobs LPN Career Track RN
University 42 credit hours	Bachelor Degree BSN (30) + (12) State Requirements	Career Advancement BSN
