You are invited to exhibit at the nation’s largest gathering of state lawmakers.

Network | Exchange Ideas | Interact
Each summer, the National Conference of State Legislatures brings thousands of legislators and staff together for its Legislative Summit, the largest and most substantive meeting of its kind in the nation.

More than 200 organizations, including corporations; federal, state and local government agencies; trade associations; special interest groups and consulting firms make up the NCSL Exhibition.

We invite you to be one of them.

What is the NCSL Legislative Summit?

As the bipartisan organization that serves all legislators and staffs in the states, commonwealths and territories, NCSL hosts the Legislative Summit each year.

This meeting provides opportunities for legislators and staff to:

- Exchange ideas with their colleagues from every state
- Engage in professional development training specific to their jobs
- Dive deep into the most fascinating and provocative issues of the day
- Interact, participate, and take an action plan home to their state
- Learn from the best of the best: cabinet members, CEOs and congressional leaders, just to name a few

TAKE ADVANTAGE OF THIS UNIQUE OPPORTUNITY TO INTERACT FACE-TO-FACE WITH LAWMAKERS.

Make Connections Based on Your Interests

With 45,000 pieces of legislation becoming laws biennially, you need to interact face-to-face with the lawmakers who are shaping public policy that affect your organization’s interests.

“Legislators and staff members come through the Exhibit Hall looking for information. I have the opportunity to make new contacts with all of them. And at receptions or breakout sessions, I can encourage them to visit me later at my booth for a more in-depth conversation.”

BERNIE HORN, Senior Advisor, Public Leadership Institute
Engage with Leaders from Every State

Engage with legislative leaders from every state at the Summit. These leaders most often control legislation and purchasing in their state. They’re who you need to know in order to sell your product/service to the states.

Craft Innovative Solutions Here

The most innovative, creative ideas for confronting and solving serious problems that range from renewable energy to higher education and every issue in between, begin in the states.

Joel Noble, Vice President, Alliance of Health Care Sharing Ministries
