

The Problem

- Every day, 28 people in the United States die in alcohol-related vehicle crashes—that's one person every 51 minutes.
- Drunk-driving crashes claim more than 10,000 lives per year.
- Deaths and damages contribute to a cost of \$52B per year.

2013 - California Homicides and Impaired Driving Deaths Compared

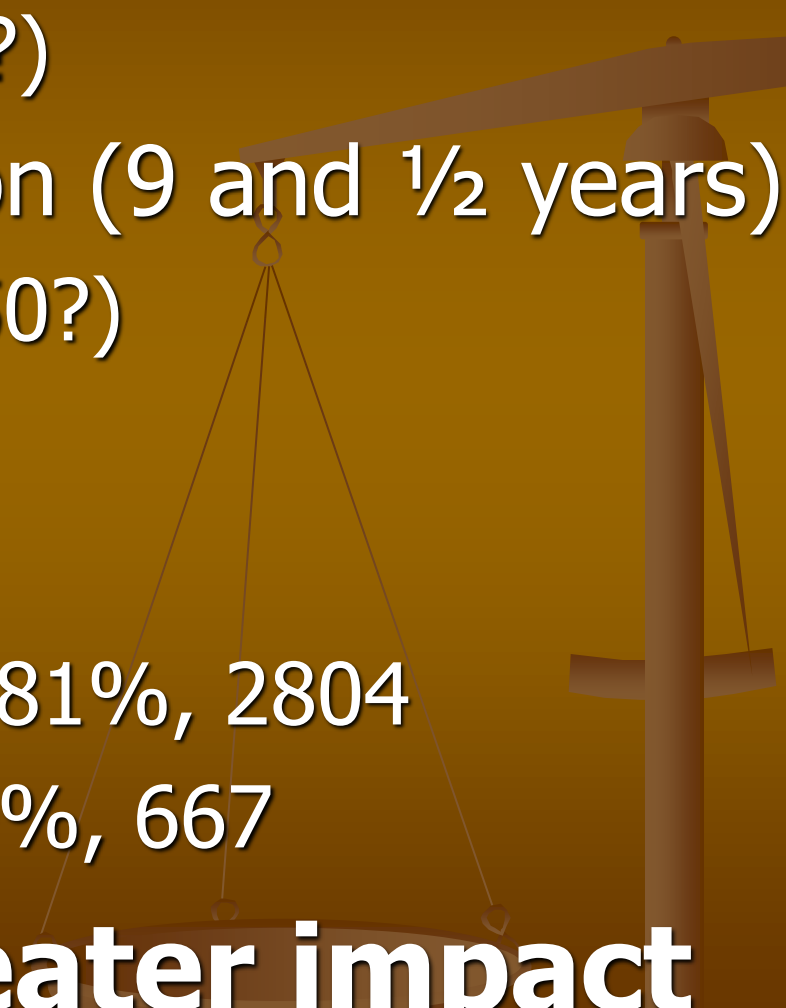

- Total = 3,445
 - Homicide = 1,746
 - Alcohol/Drug Impaired Driving = 1,699

Repeat Offenders Constitute:

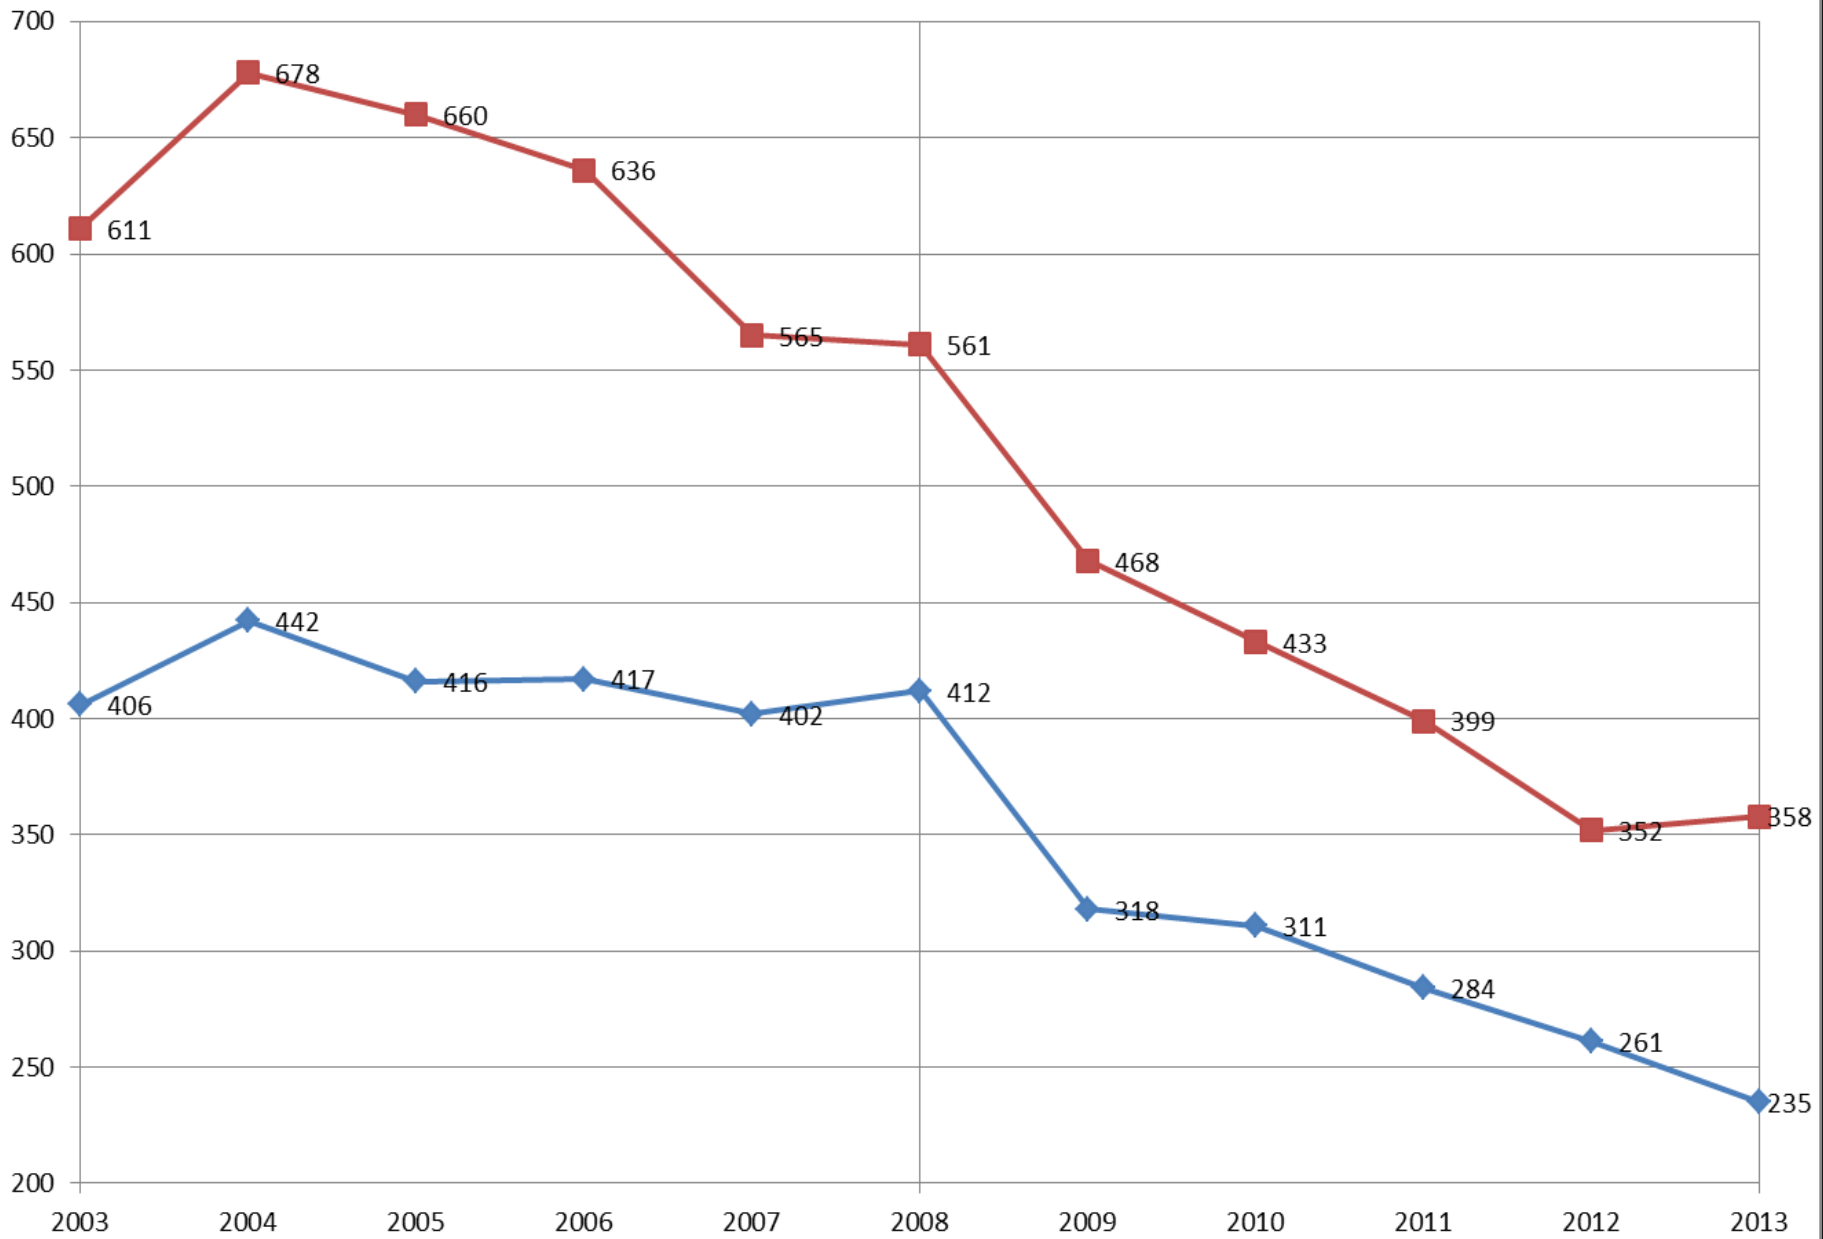

- 1.43% of California Drivers
- 26% of California DUI Offenders
- **59%** of California drivers in alcohol/drug fatal or injury crashes
