Dear Friend of the Red Cross,

Because of your compassion and generosity, those who are affected by disasters like the Eastern Corridor Floods will receive the assistance they need.

Thank you for your gift of \$80.00 on November 22, 2006, in support of the American Red Cross Disaster Relief Fund. Every eight minutes someone in our nation faces a disaster. The Disaster Relief Fund allows the Red Cross to assist the victims of all types of disasters as they occur, whether it's a small-scale house fire or the recent flooding that spread across much of the east coast. Your gift gives the Red Cross and its volunteers the capacity to act immediately. It allows us to prepare for disaster and reach out to victims before donations are made – when help is needed most.

This June, heavy rains and floods bombarded New York, Pennsylvania, New Jersey, Delaware, Maryland, Virginia, and the District of Columbia. The quickly rising waters destroyed roads, bridges and homes and left the storm-damaged areas full of mud, debris, and contaminated water. More than 8,000 people across the area sought shelter from the floods. The Red Cross responded by opening 98 shelters, serving more than 91,000 hot meals and snacks, and preparing 21,000 clean up and comfort kits containing the essentials for residents to begin to recover from the damage. As the clean-up and recovery process is underway, we will be there to ensure that each person receives the help they need.

Your contribution to the Disaster Relief Fund helps make the lives of those we assist a little easier. If you would like to learn more about the Disaster Relief Fund or how your contribution will be used, please call 1-800-797-8022. Thank you for your support of the American Red Cross.

Sincerely,

Steve Denne
