

Implementing an Integrated Food Safety System (IFSS)

Joe Reardon

Senior Advisor for Federal-State Relations
FDA/Office of Regulatory Affairs

**National Conference of State Legislatures
2012 Environmental Health Preconference Meeting**

August 6, 2012
Chicago, Illinois

Agenda

- Why we need an Integrated Food Safety System (IFSS)
 - Partnership for Food Protection
- Role of FSMA in establishing an IFSS
 - Increased investment in State & local partners
- Integration Task Force
- Success stories: Engagement of State & local partners to protect the public health

A National Integrated Food Safety System (IFSS)

- Jointly developed and implemented inspection and enforcement programs
- Benefits:
 - Increased ability to assess potential risks at domestic food facilities
 - More consistent coverage of these facilities across the entire food supply chain
 - Greater food surveillance through integration of food facility inspection information
 - Improved rapid response capacity and efficiency
- Outcome: **Increased public health protection**

Partnership for Food Protection

- Bring together regulatory stakeholders to develop an IFSS
 - Strengthened inspection, laboratory, and response capacity
- 2008 & 2010 50-State Workshops
- 10 Workgroups

FSMA & Fed-State Integration

- Federal-State Integration Deliverable Groups
 - **Operational Partnerships**
 - Sections 201, 209, 210
 - **Capacity Building**
 - Sections 205c1, 205c2
 - **Training**
 - Section 209
- Harmonize with PFP Workgroups

Section 201- Targeting of Inspection Resources for Domestic Facilities

- FDA reliance on inspections conducted by other agencies under agreement
 - States conduct 60% of Federal inspections under contract
- Role of MFRPS and AFRPS
 - Provide **uniformity and consistency** among Federal & State Inspection Programs
- Independent Audit Group
 - Ensure uniform implementation of Standards
- PFP WGs: National Workplan, National Standards, Oversight

FSMA & the PFP 50-State Workshop

- 50-State Workshop Breakout Sessions
 - Implementing **routine joint workplanning**
 - Reflective of FDA & State priorities
 - Implemented at District/State level
 - Consideration of information sharing requirements
 - Commissioning, 20.88 Agreements
 - Cover routine, emergency and recall type inspections and/or investigations
 - Implementing a process for conducting **joint inspections**

Section 209- Improving the Training of State, Local, Territorial and Tribal Officers

- Set standards and administer training and education programs for food safety officials
- Training areas include:
 - Scientific; best practices; sampling & laboratory; building enforcement actions; inspections under 702/704
- Provide **consistency and equivalency** among Federal & State Programs
- We must invest in training
 - A contract or MOU will provide support for this effort
- PFP WGs: Training & Certification

FSMA & the PFP 50-State Workshop

- 50-State Workshop Breakout Sessions
 - **From Ideas to Implementation:** Facilitating & supporting the use of IFSS best practices
- Tie in: PFP Training & Certification Workgroup
 - Link sections of FSMA to IFPTI Curriculum Framework
 - Identify and Qualify Existing Job and Occupational Analyses
 - Seven (7) job task analyses have been identified
 - Currently developing criteria to qualify these job task analyses
 - Grants: IFPTI, NEHA, UC Davis, IA State Univ, Auburn Univ, NCSU, Univ of TN

Section 210- Enhancing Food Safety

- Direct investment in the infrastructure of State and local capacities
- Eligible entities may be funded to:
 - Undertake examinations, inspections, and investigations, and related food safety activities under section 702
 - Train to the standards of the Secretary
 - Build the food safety capacity of laboratories
 - Build infrastructure and capacity of food safety programs
 - Take appropriate action in response to notifications and recalls
- PFP WGs: Performance Measures

FSMA & the PFP 50-State Workshop

- 50-State Workshop Breakout Sessions
 - **From Ideas to Implementation:** Facilitating & supporting the use of IFSS best practices
- Tie in: PFP Performance Measures and Outcomes Workgroup
 - Exploring the viability of performance measures in several key outcome areas
 - Percent of retail and foodservice establishments successfully implementing controls for key foodborne illness factors, as measured by inspection data
 - Degree to which inspection authority meets their target inspection frequencies for high risk firms

Section 205- Surveillance

- 205c2: A review of State and local capacities, completed no later than one year after the date of enactment
- Will enable the development of strategies to leverage and enhance capacities to improve the following (205c1):
 - Surveillance, outbreak response & containment
 - Inspections & safety standards
 - Partnerships & Information sharing
- PFP WGs: Emergency Response, National Standards, Policy & Procedures, Information Technology, Laboratory, PetNET

FSMA & the PFP 50-State Workshop

- 50-State Workshop Breakout Sessions
 - Generating a cross-jurisdictional after action review (AAR) process
- Tie in: PFP Emergency Response Workgroup
 - Develop multi-jurisdictional after action review process
 - Supports FSMA Section 205c1(A) Improve foodborne illness outbreak response and containment

FSMA & the PFP 50-State Workshop

- 50-State Workshop Breakout Sessions
 - Implementing Integrated Compliance and Enforcement processes
- Tie in: PFP Policies & Procedures Workgroup
 - Develop a process of sharing regulatory information
 - **2011 Food and Feed Inspection Violation Pilot Project**
 - CIN-DO/KY; ATL-DO/NC & GA; MIN-DO/MN; SEA-DO/WA
 - Focus on real-time discussions of significant objectionable conditions found during inspections
 - Supports FSMA Section 205c1(E) Share information on a timely basis

Integrated Food Safety System Task Force

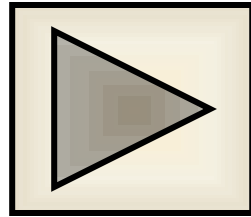

- Charged to develop and implement new strategies and action plans to **achieve full partnership** with state and local agencies
- Task Force findings & recommendations will be highlighted at the PFP 50-State Workshop
- Task Force Membership:
 - FDA
 - States
 - Associations

Then & Now: Investment in Federal-State Integration

Programs	FY2009 Funding	FY2012 Funding
Contracts (total)	\$21M	\$24M
Egg Contract (added FY11)	None	\$300K
MFRPS (part of Food Contract)	26 Programs	40 Programs
Grants (total)	\$17.4M	\$48.1M
MFRPS (added FY12)	None	\$11M
ISO (added FY12)	None	\$8M
RRT (expanded FY12)	\$4.5M	\$6M
FSMA Emergency Response & Risk Based Inspections	None	\$4M
Alliances	None	AFDO & NCSL
State Cooperative Programs (total)	\$250K	\$2.45M
Retail	\$250K	\$500K
Dairy & Shellfish	None	\$250K
Total Funding	\$38.7M	\$72.9M

IFSS: Building the Bigger Picture
