

Nebraska Legislature
Gary Wieman

2014 NALIT 5 Minutes of Fame

Active Directory Rename

- Able to get certificate that matches a verifiable domain name
 - Currently senators.unicam.state.ne.us
 - Changing to legislature.ne.gov
- Finishing updates from Server 2008 R2 to 2012 R2
- Raising forest and domain function levels to 2012 R2
- Will start soon on the rename

Chamber Upgrade

- Voting System from IRC VB6 system to the .NET system
- Replaced sound system with Audia Tesira system
- Integrate voting system to sound system
 - Control member microphones
 - Able to monitor for the Clerk and President turning on their microphones
 - Output of microphone control data to match with video

Bill Drafting and Legislative Website

- Converted to oXygen XML Editor
 - Can be used with multiple OSes
 - Customization of oXygen and XSL updates done by consultant
- Replaced very old Google search appliance and DTsearch
 - DTsearch, used by Revisors, is difficult to replace
 - Moving Swish-e, transcripts converted, the rest is still Google appliance

HP Printers

- FutureSmart firmware network issues
 - M600 series
 - M551
 - M4555fskm
