Creating a More Effective and Efficient Preventive Health System

Atlanta, Georgia
August 15, 2013

Karmen Hanson, MA
NCSL Health Program Manager
karmen.hanson@ncsl.org 303-856-1423

Funding for this conference was made possible (in part) by the Centers for Disease Control and Prevention. The views expressed in written conference materials or publications and by speakers and moderators do not necessarily reflect the official policies of the U.S. Department of Health and Human Services, nor does the mention of trade names, commercial practices, or organizations imply endorsement by the U.S. Government.

Partner Organizations

ASTHO • Association of State and Territorial Health Officials

NCSL • National Conference of State Legislatures

NGA • National Governors Association
Meeting Objectives

- Continue to:
  - Increase understanding of public health's role in, and the value-add to, the health system and health
  - Increase awareness and understanding of how public health, clinical care, for-profit, and community organizations are working more closely together to improve health and the effectiveness and efficiency of the health system
  - Increase knowledge of some of the latest activities and progress in the field to coordinate and improve the health system, including maximizing use of resources
  - Share latest information from the states
