

# Creating Effective State Health Systems

August 27<sup>th</sup>, 2012

## HIT as a Foundation

## Healthcare Information Environment

- Meaningful Use Incentives
- State HIE programs
- Consumer Innovations
- Accountable Care/Medical Homes
- Medicaid Technology Advancements

## State HIE/HIT Strategies to Consider

- Integration of Public Health Functions to Meet “Meaningful Use”
- Engaging the Consumer
- Repository Services for Clinical and Analytic Purposes
- Payment Models to Drive Innovation/Care Changes
- Using Policy/Regulations as Levers
- Public/Private Partnerships
